

## **Announcing an Amazing Offer from Epiphone**

### **Buy an Epiphone Guitar and Get Guitar Rig Mobile™ Absolutely FREE!**

For over 135 years, Epiphone instruments have provided musicians worldwide with the best in quality, design, performance and value. In today's challenging economy, that combination is as important as ever before. And to help you get even more performance and value from your new instrument, Epiphone announces this amazing, limited-time offer. **Purchase any new Epiphone guitar for \$500 or more at any authorized U.S. retailer (all 50 states included) from May 1, 2009 to June 30, 2009 and receive the new "GuitarRig Mobile™" absolutely FREE!**

From the pioneer and market leader in software instruments, Native Instruments, **Guitar Rig Mobile turns any Epiphone guitar and your computer into a powerful and easy-to-use guitar recording and performance rig.** Combining the new ultra-compact Guitar Rig Mobile I/O USB 2.0 audio interface with the versatile Guitar Rig 3 LE software, it offers studio-grade sound quality and a wide range of creative features that allows musicians and producers to "plug in and play" anywhere without any compromises.

No larger than a cigarette pack, the bus-powered Guitar Rig Mobile I/O provides the **professional sound quality** of Native Instruments' audio interface range in a package that literally fits in a pocket. At the same time, the interface offers an uncompromising feature set with stereo high-impedance inputs and outputs featuring 24bit/192 kHz Cirrus

Logic audio converters, I/O volume dials, and multi-purpose low-latency drivers for Windows and Mac OS X.

***The PERFECT Combination!***

The included Guitar Rig 3 LE software offers the acclaimed versatility and ease-of-use of the industry-leading Guitar Rig platform. Three charismatic amp emulations for guitar and bass, 12 classic effect units, and a wide selection of cabinets, all freely combinable within a "virtual rack", make it easy to create authentic custom tones for any musical genre. The software also includes two virtual tape decks, tuner and metronome, to facilitate all typical guitar applications from recording, live performance and rehearsal to instrument learning and tuition.

**Get the most out of your guitar and your money today by taking advantage of this incredible offer from Epiphone!** But you'd better hurry – you must purchase your new Epiphone instrument between May 1, 2009 and June 30, 2009 and supplies are limited. **For complete details and information, visit [www.epiphone.com](http://www.epiphone.com).** (Offer good for U.S. customers only. Void where prohibited.)

**About Epiphone:**

Recognized worldwide as a leader in musical instrument quality, design, performance and value since 1873, the Epiphone Company produces every major type of fretted instrument including electric and acoustic guitars, mandolins and banjos as well as amplifiers. Epiphone's new "Ultra-II" guitar combines a traditional Les Paul guitar with the unique NanoMag acoustic pickup system to give you the ultimate combination of electric and acoustic sounds. Headquartered in Nashville, Tennessee, Epiphone is part of the Gibson family of brands. For more information visit [www.Epiphone.com](http://www.Epiphone.com).

**About Native Instruments:**

Founded in 1996, Native Instruments is the pioneer and market leader in the field of software instruments, and one of the key players in the market of computer-based audio production technology. The company's mission is to develop outstanding tools for musicians, producers, sound designers and DJs of all styles and genres. The resulting products regularly push technological boundaries and open up new creative horizons for professionals and amateurs alike.
